### **Not included:**

Airfare to and from Vancouver  
Additional Tour options

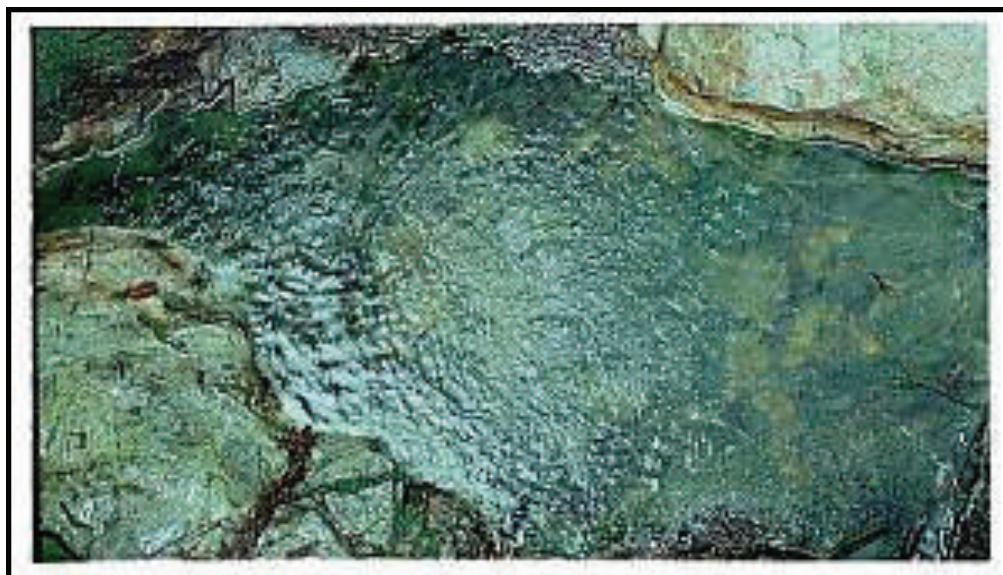

## Tofino Tour Options

### **Whale Watching**

Experience a vast wilderness paradise where the mighty Pacific Ocean flows into deep fjord inlets surrounded by the exquisite beauty of lush ancient rainforests. Venture into this wilderness paradise. Join on one of the 30' rigid hull inflatable or new, covered high speed cruisers. Travel in both open and protected inlets with guaranteed gray whale sightings and frequent sightings of humpback whales and transient killer whales. Also enjoy sea otters, seals and sea lions, black bears, tufted puffins, cormorants, bald eagles, sooty shearwaters, harlequins and even the occasional glimpse of grey wolves on shore!

Duration: 2.5-hours

### **Hot Springs Cove**

Join aboard the 'SEA-STAR' cabin cruiser vessel equipped with a heated cabin, large windows and an outdoor viewing deck. This tour explores the rich marine waters of magnificent Clayoquot Sound where you will take in miles of stunning coastline as you scout for Whales and Black Bears. One of the stops is Cleland Island Bird Sanctuary; one of the most spectacular places on the west coast for viewing sea birds, some of which include tufted puffins, murrelets, cormorants, oyster catchers and auklets. At Hot Springs Cove there is an easy 20 -30 minute hike along a boardwalk through the rainforest to the natural springs where you can take a leisurely soak. Sit under the waterfall or relax in one of the rock pools.

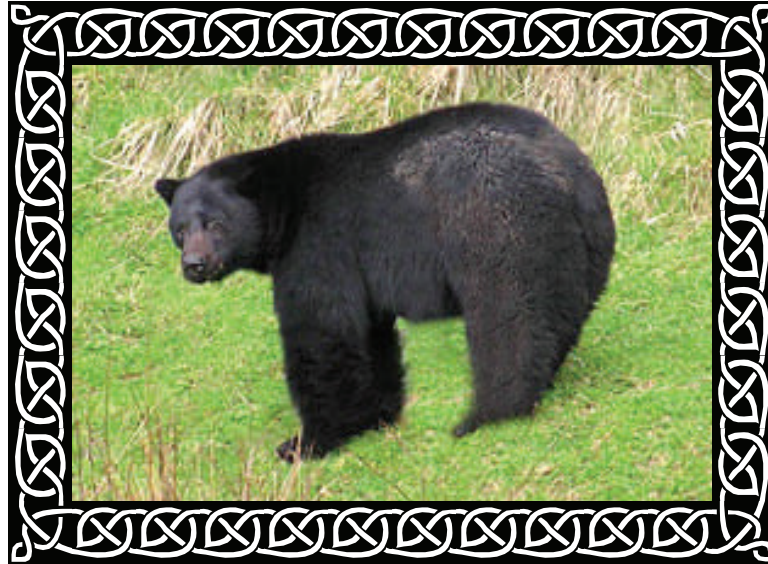

Duration: 6.5 Hours

### **Float Plane Trip**

Hot Springs Cove is located 23 miles northwest of Tofino. A 20 minute scenic flight over Clayoquot Sound's fjord like coastline is the route you will take. Once the plane has landed you have a walk through Maquinna Provincial Park's old growth forest. The trail leading to the natural thermal pools is a well maintained boardwalk with approximately 800 stairs. Most of the walk is protected from the weather by the canopy of the forest which makes this trip a good one for cloudy or drizzly days. The Springs are approximately 105 degrees which may be too hot for young children. We suggest a small day pack with food, water, bathing suit, towel, sunscreen and don't forget your camera. There is a change room and outhouse (toilet) near the Springs and remember to bring out what you have brought in.

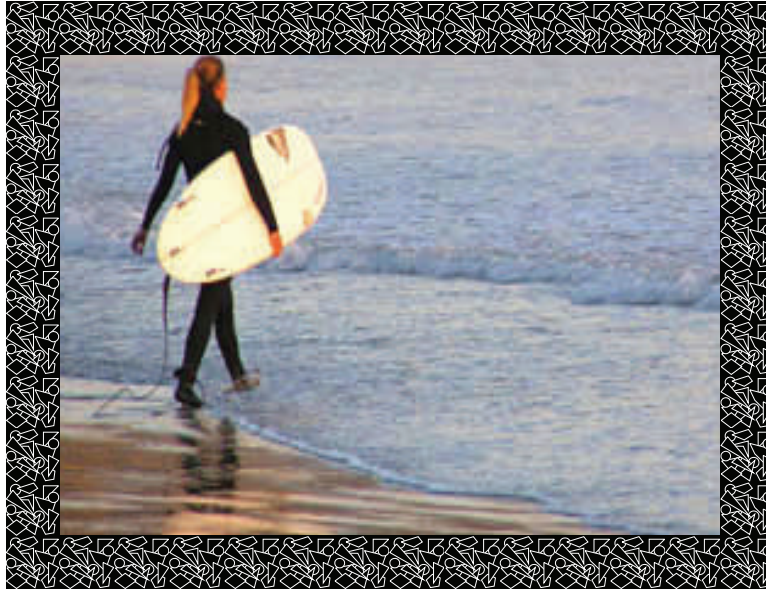

Duration: 4 Hours

### **Bear Watching**

Bear Watching in Clayoquot Sound offers unbeatable views of our coastal Black Bears. These quiet excursions are suitable for most guests as we explore protected fjord inlets and bays surrounding Meares Island. From April to September, we schedule departures around the low tides when bears come down to the intertidal zone in search of high protein, energy rich delicacies such as rock crabs, clams and barnacles. Our Black Bears, are unique to Vancouver Island and not found elsewhere. They emerge from dens in March but because of the mild coastal climate, many never hibernate at all. From the comfort of the vessels we get incredible looks at these Black Bears as they potter along the shoreline turning over rocks foraging.

Duration: 2.5-Hours

### *Surfing Lessons*

Learn to surf and catch the experience in Tofino! Hang out with our coastal crew and learn to surf on the beautiful beaches of Tofino on Vancouver Island's rugged West Coast. Pacific Surf School's beginner surfing lessons will introduce all ages to the unique sport of surfing in a safe and fun learning environment. Your daily surfing lessons will take place on one of Tofino's pristine beaches determined by your instructor. Our instructors are local surfers who are knowledgeable in technique, equipment, and local surf breaks. Each hold certification in CPR, lifesaving, and First Aid, in accordance with BCASI regulations. Once suited up, your instructors will guide you through the fundamentals of ocean awareness, proper surfing technique and surfing etiquette.

Duration: 4 Hours

Includes: • Surfboard  
Wetsuit  
Boots, leash, gloves
